What is Woodstone Senior Living?

One of the best advantages of living at Woodstone is the service. Senior Living is defined as a special combination of housing, supportive services, personal assistance, and health care designed to respond to the individual needs of those who need help with Activities of Daily Living. Supportive services are available 24 hours a day, to meet scheduled and unscheduled needs, in a way that promotes maximum dignity and independence for each resident and involves the resident's family, neighbors, and friends.

Our vision places the focus on the residents that live in our community. When residents come to live with us, they can expect a wonderful atmosphere where they are valued as an individual.
